

## **PLEASE NOTE: THE DATES & TIMES FOR THIS EVENT HAVE CHANGED TO JUNE 17-21**

Given the cancellation of the careers expos this year, we know that Years 10-12 students and parents are struggling to get the information they need to understand their options and make informed decisions about the admissions process, course choices and career paths. To address this gap, we've created a unique virtual experience complete with an **Exhibition Hall**, **Auditorium** and **Resource Hub** that students and parents can take advantage of over 5 days starting next week from the convenience of their homes.

### **WHAT'S ON OFFER?**

- **Exhibition Hall** Visit with over 50 universities, TAFE and education providers representing NSW, VIC and QLD. Live chat, video chat, schedule a meeting or download course handbooks, videos and other resources at each booth. In addition to all tertiary exhibitors, major career paths are represented including Hospitality, Aviation, Culinary, Hotel Management, Sport and Creative Arts.
- **Auditorium** Over 120 live daily sessions about time-sensitive scholarship opportunities, early entry programs, campus life, UAC & NESAs updates, subject-specific exam insights by senior teachers and markers (across all major subjects), inspirational speakers, career guidance and maintaining a positive mindset throughout the senior years of high school. [Download the speaker program here.](#)
- **Resource Hub** UAC, NESAs and senior teachers and markers by subject are available for live chat. Parents and students can also download free guides and resources to help navigate course, career and admissions process information.

*A sample of comments:*

- The career advisors were of great assistance providing great advice on courses/course content as well as links and other resources.
- Giving rural students access to many of the exhibitions that they would never be able to access without expensive travel.
- I really loved the layout and design of the online expo as it was convenient, creative, and functional. Hat's off to the web design team!

- Being able to ask specific questions through the live chats and have people that are experienced answer the question in depth
- The Live chat, The live seminars. The whole layout of the website was also very nice!
- the virtual experience, felt almost real
- Being able to join the zoom calls and ask questions about scholarships, early entry and exchange programs
- See all the providers in one place, great set up of the stalls, easy to navigate
- The number of different universities available
- The seminars and the virtual booths. Oh and all the resources. So really, all of it
- Communicating through live chats with the universities
- Nick Vujicic's talk on Resilience and Finding Opportunities was one of my favourite sessions. I think that his mindset is good to carry with us, and that he's an amazing person for not giving up and instead giving back to the world.

We look forward to welcoming you, your students, and their parents to HSC & Beyond!
